

**The in-person concert may have been cancelled,
but the strength of our community can't be.**

Stepping Stones of
Dunn County presents:

Celebrate the good
work being done
September 27-30, 2021

When life hands you COVID, take the party online!

It was COVID concerns, not bad weather, that canceled The bEAT, the much-anticipated new outdoor concert and family fun event scheduled on Sept. 18 at Wilson Park to celebrate all the good work being done at Stepping Stones. Instead, we moved The bEAT online from Sept. 27-30 to feature a few of the highlights on our website and social media platforms.

We kicked things off on Monday, Sept. 27th with “The Concert that Wasn’t” to introduce the talented musical artists who were scheduled to play on the bandshell stage along with the performer’s bios and links for samples of their unique sounds. ***CLICK HERE FOR THE LINK!***

The bEAT festivities were followed on Tuesday by a drive-through “Feed Moby” stuff-the-truck drive on Tuesday featuring WESTconsin Credit Union’s promise of a \$1 match per pound of food donated.

Wednesday brought a tribute to our generous donors, noting that “Your donations make many hearts ‘bEAT’ easier!” We shared several meaningful numbers to illustrate the impact their dollars have made so far in 2021 on Stepping Stones’ ability to support community needs. We even dipped our toes into the hitherto mysterious world of Tik Tok to create a special message from Executive Director Padraig Gallagher followed by a flurry of thanks from the staff. ***CLICK HERE TO CHECK IT OUT!***

“Our volunteers simply can’t be bEAT!” was theme for the grand finale on Thursday. Stepping Stones’ volunteers and their families were invited to drive through the parking lot for an ice cream social(ly) distanced special event –with soft custard treats generously provided by Culvers of Menomonie – as we celebrated all the wonderful folks who keep things running so we can all help our neighbors in need.
